

Public Schools NSW

School Plan 2015 – 2017

School Vision

Our Vision 'Education for a Changing World' expresses our commitment to developing students as life-long learners by the implementation of a curriculum that embraces best practice in teaching and learning. Ryde East Public School is committed to providing a varied and interesting educational program, which endeavours to meet the needs of all students.

Ryde East Public School is a vibrant and innovative learning community that is committed to delivering excellence within a rich and diverse learning environment. Every student has the opportunity to achieve their personal best through engaged, active learning in a safe, respectful and supportive school.

School Context

Ryde East Public School is located in North Ryde, close to the Wallematta Nature Reserve and provides quality, public education with a strong sense of involvement and partnership. The educational programs are enhanced by our attractive environment and facilities including expansive playing fields, tennis and netball courts, cricket nets, well-resourced library and hall, playground equipment and extensive shaded areas. All classrooms are air-conditioned and have the latest technology which includes two computer labs, video-conferencing, wifi throughout the school, interactive whiteboards, iPads and laptops in all classrooms. The staff is well-prepared to implement the National Curriculum, participating in professional learning that embraces quality teaching and learning for all students in the digital age. Many highly successful learning programs are planned and implemented by the highly dedicated, experienced teaching staff working collaboratively in a team environment. Some of these programs that operate at Ryde East Public School include – extensive sporting programs, creative and performing arts including choirs, school bands and ensembles. Ryde East Public School serves an interested and committed parent body and has a warm, caring and friendly atmosphere. The involvement displayed by many parents/ caregivers is evidence of the community spirit. Within the school grounds we have a five day a week Before and After School Care program which also offers vacation care during school holidays. The school and our community have high expectations of students and value the provision of a variety of learning opportunities. We support a close relationship between the school and community and actively encourage you to participate in this relationship by visiting the school, joining in our activities and taking an active interest in your child's education.

Consistent exchange of educational and student welfare data across the school to improve teacher collaboration, student knowledge and community connection.

All staff having a deep understanding of the Australian Curriculums.

PRODUCTS AND PRACTICES

Products

To ensure quality pedagogy and consistency in teacher judgement with curriculum design, scope and sequences and assessment benchmarks for whole school evaluation, professional learning and strategic planning.

Students confidently use technology to take an active role in their learning.

Students are equipped with strategies to improve resilience and develop risk taking in their learning.

Practices

School programs show evidence of increased opportunities to use technology, be collaborative and creative learners.

Quality teaching and learning practices across the school, demonstrated through differentiated learning experiences and assessments to improve student achievement.

Effective assessment, tracking and student analysis systems in place to ensure consistent teacher judgement, dynamic, effective programming and valuable reporting to parents.

IMPROVEMENT MEASURE

Children continue to learn effectively and show appropriate improvement as they progress through the literacy and numeracy continuums.

Strategic Direction 3: Engagement and Wellbeing

PURPOSE

Engagement:

To ensure all students are appropriately engaged, challenged and extended by teachers providing stimulating learning environments and tasks that are designed to meet students' learning needs, levels of readiness, interests and motivation.

Wellbeing:

Wellbeing is shaped by a number of broad influences including the degree to which there is an experience of choice, achievement of meaningful goals, enjoyment, personal growth, health, emotional regulation, resilience, positive relationships, connectedness to and respect for others. Teachers and schools play a pivotal role in developing wellbeing, resilience, respect and connectedness for our students.

PEOPLE

Students: Students feel valued and supported in a safe, collaborative and engaging learning environment. Students have a responsibility to be active learners who exercise selfregulation and resilience, appropriate to their age level and understanding, in the classroom and playground.

Students from Years 4, 5 and 6 to complete the Tell Them From Me Survey.

Staff:

Reflect on the Student Wellbeing policy and discuss any necessary adjustments that can be made in relation to student behaviour and recognising their achievements. Staff to reflect on the feedback from the Tell Them From Me survey.

Ensure staff has achieved all mandatory DoE and WHS accreditation.

Parents and Community:

Establish a collaborative learning community where students, parents and teachers contribute to the achievement of shared goals. Parents are consulted and contribute to the planning to support their child's individual learning needs.

PROCESSES

Create safe, engaging and challenging learning environments that can be adapted to meet the needs of the students.

Promote the role of the teacher as a facilitator of learning and continue professional learning about critical, creative and reflective thinking skills.

The school community develops comprehensive and integrated strategies to support the cognitive, emotional, social, physical and spiritual wellbeing of students in the context of quality teaching and learning.

Programs will be explicitly taught to students and relate to a variety of school settings such as the classroom,, playground, canteen, and extracurricular activities. Surveys will be conducted prior and post teaching of the program.

Specific skills will be presented in class and/or in assemblies at regular intervals. This information can be presented in the newsletter by staff or students. Evaluation Plan. School surveys Collecting evidence of student wellbeing Tell Them From Me Survey

PRODUCTS AND PRACTICES

Products:

To improve the quality of the learning environment throughout the school by offering flexible and stimulating learning spaces and access to a range of new technologies.

Targeted professional learning to identify and facilitate the implementation of innovative approaches to cater for differentiated learning, creative and critical thinking skills and reflective practices.
